

## **Richard Pollack & Associates Scholarship Fund of the San Francisco Foundation**

In celebration of our 10-year anniversary in 1995, RPA established the Richard Pollack & Associates Scholarship Fund of the San Francisco Foundation. RPA selects one San Francisco high school student each year to receive a scholarship for the study of architecture or design at the college, university or training center of his or her choice. The scholarship will assist economically disadvantaged and at-risk minority and women students in their pursuit of architectural and design skills.

RPA was proud to award the 1999 scholarship to Lucinda Tay, a senior from Lowell High School who will be attending Cal Poly in the fall.

For more information about RPA, please go to our website, [www.RPAarch.com](http://www.RPAarch.com) or call 415/778-4400.
